REGENERATIVE ENGINEERING

FEATURING

Ayoola Carleton

— RWJF

Georges Benjamin, MD

— APHA

Anthony Iton, MD, JD, MPH

— The Health Trust

SYMPOSIUM FOCUS

- Builds on national efforts to advance health justice and representation in medicine.
- Examines structural racism and evidence-informed strategies for leadership, organizational change, and systems-level action.

LEARNING OBJECTIVES

- Distinguish health equity and health justice and recognize the structural roots of racism.
- Apply evidence-informed clinical, community, organizational, and systems-level strategies to advance health justice.
